Education

National University "Lviv Polytechnic"
Computer Engineering
Lviv
2019 - 2023

Certifications

C# Marathon, SoftServe

March 2022 - May 2022

ASP.Net Core MVC, Git, GitHub, EntityFrameworkCore, Linq, multithreading and concurrency, unit testing of web application with NUnit, SOLID principles

OOP - C# , SoftServe

February 2022 - March 2022

.NET Framework, C# Statements, OOP, Interfaces, Collections, Exception Handling, Linq, Unit testing, Serialization, DBMS & SQL.

Projects

Authentication-Authorization

C#, ASP.NET core MVC, MS SQL Server, Entity Framework Core, Validation

This team project was that my teammate and I needed to improve the existing functionality by adding the ability to authenticate and authorize users, and organize access by role to certain tabs and functions.

<https://github.com/C-online-marathon/task-authentication-authorization-markiian-salnikov-ivan-karachun>

Shopping system(registration of orders)

C#, ASP.NET core MVC, MS SQL Server, Entity Framework Core

This project was to create a database of the system of stores from the existing model. I took on the role of leader and organizer in a team of three people.

We created a local database, created Views and Controllers, developed functionality that allows you to filter, sort lists, scroll through data pages, etc. To do this, often used LINQ for easy access to data.

Professional Summary

Currently I am a student of Lviv Polytechnic National University. I have experience develop web applications as a team using ASP.NET Core, understand OOP and SOLID principles, have knowledge of C#, EF Core, SQL Server, HTML/CSS. I'm a responsibility and good team player.

Hard Skills

- Knowledge of OOP
- Data structures and algorithms
- Knowledge of programming languages (C#, C/C++)
- Understanding of technologies, such as .NET, ASP.NET Core MVC, LINQ, EF Core
- Experience with MS SQL Server
- Basic knowledge of HTML, CSS
- Experience with SCM (GitHub)

Soft Skills

- Quick learner
- Self-motivation
- Ability to work in team
- Ability to work under pressure
- Responsibility
- Communicable
